EDUCATION

- **Lovely Professional University, Phagwara** **2021 - 2025**
B.Tech in Computer Science & Engineering **CGPA: 6.69**
- **Sri Chaitanya Junior College, Hyderabad** **2019 - 2021**
Intermediate **Percentage: 87%**
- **Bhashyam High School, Hyderabad** **2018 - 2019**
Matriculation **Percentage: 87%**

PROJECTS

- **Sales Analysis Dashboard** **Nov 2024**
 - Developed a comprehensive sales analysis dashboard using SQL and Power BI to track key performance indicators (KPIs) such as total revenue, regional sales distribution, and top-performing products.
 - Implemented dynamic filtering options to drill down into specific regions, product categories, and time periods, empowering stakeholders to identify trends and areas for improvement.
 - Utilized visualizations like line charts, pie charts, and stacked bar charts to display monthly sales trends, enabling quick insights into sales performance and seasonal variations.
- **MIS Reporting System** **Oct 2024**
 - Designed a Management Information System (MIS) using SQL and Power BI to provide a high-level view of essential business metrics, including revenue growth, customer retention, and operational efficiency.
 - Created automated data pipelines to pull real-time data into the MIS, ensuring up-to-date reporting for data-driven decision-making.
 - Delivered a clear and actionable MIS layout, incorporating tables, charts, and conditional formatting in Power BI for quick insights and easy comparison of KPIs across reporting periods.
- **IPL Analysis Dashboard** **May 2024**
 - Developed an interactive Tableau dashboard to analyze IPL statistics, showcasing key metrics such as title winners, Orange Cap and Purple Cap holders, total sixes, and fours across seasons.
 - Utilized visualizations like bar charts and pie charts to represent match outcomes based on toss decisions, illustrating team-wise winning patterns and the impact of toss decisions.
 - Implemented season filtering to enable detailed analysis by season, providing stakeholders with a user-friendly layout for quick insights into IPL trends.

SKILLS

- **Languages:** Python, SQL
- **Frameworks:** HTML, CSS
- **Tools:** Tableau, MS Excel, Power BI
- **Game Development:** Unity, Blender
- **Soft Skills:** Problem-Solving, Team Player

CERTIFICATES

- **Data Visualization with Tableau Project** **May 2024**
- **Data Visualization with Tableau** **Mar 2024**
- **Introduction to Tableau** **Feb 2024**

ACHIEVEMENTS

- Solved 50+ SQL questions on LeetCode **Aug 2024**
- Kabaddi Tournament winner, showcasing teamwork and competitive spirit. **Jul 2017**
